***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: the examiner has considered the amendment and attached Rule 1.132 declaration filed by applicants on October 19, 2006. In light of said declaration which shows unexpected results when conducting the instant hydroformylation process using an unmodified transition metal catalyst, excluding cobalt, in the presence of at least 1% by weight of a carbonic ester, versus the prior art processes which use less than 1% by weight of a carbonic ester in such a process, the instant claims are now allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sikarl A. Witherspoon whose telephone number is 571-272-0649. The examiner can normally be reached on M-F 8:30-6:30.
